20901.5. (a) Notwithstanding Section 20901 or any other provision of this part, an additional two years of service and an additional two years of age shall be credited to a state member, other than a school member, if the following conditions exist:

(1) The member meets the service requirements of Section 21060 or 21074.

(2) The member retires for service during the period designated by the Director of Finance, which period shall commence on a date after the effective date of this section and shall expire on a date prior to January 1, 2005. The Director of Finance shall make that designation within 15 days after the effective date of this section.

(b) The state employer shall transmit to the retirement fund an amount determined by the board that is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service and age credit under this section and the amount the member would have received without that service and age credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(c) This section applies to all eligible excluded employees and all eligible represented employees of the state employer.

(d) The amount of service credit and additional age shall each be two years regardless of credited service or age, but may not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age.

(e) Any member who qualifies under this section, upon subsequent reentry to this system, shall forfeit the age and service credit acquired under this section.

(f) This section is not applicable to any member otherwise eligible if the member receives any unemployment insurance payments arising out of employment with an employer subject to this part during a period extending one year after the effective date of this section or if the member is not eligible to retire without the additional age or service credit available under this section.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.
